Addendum – The 10 Day Guarantee

Due to the nature of our business, DAS does not typically guarantee transit times. The Expedited Money Back Guarantee service ensures your vehicle will arrive at the destination terminal 10 days from the date the order is paid full and DAS has possession of the vehicle. If DAS does not meet the guaranteed date, you will be reimbursed for the entire cost of your vehicle shipment. The cost of this service is \$750.00 in addition to the move.

Terms and Conditions

- The 10 day transit time begins the day after DAS has possession of the vehicle. The move must already be paid in full and the Terms and Conditions must be signed and faxed back to DAS.
- All shipments must be prepaid in full by credit card. Customers wishing to pay Cash in advance, Checks, and COD are not eligible for this service.
- If the delivery is scheduled on a weekend or a holiday, the delivery date is adjusted to the next business.
- Standard Force Majeure rules apply (acts of God)
- This service is not available for inoperable vehicles or vehicles that do not meet DAS height, weight, and width requirements.
- This service is available for Terminal to Terminal moves only.
- Guaranteed transit times begin when DAS has possession of the vehicle, the move is paid in full, and the signed addendum is returned to DAS.
- The shipper must contact DAS Customer Service on, or after the order due date to request refund.
- Refunds must be returned to the credit card used to pay for shipping.
